Education

Rutgers University New Brunswick, New Jersey
Doctor of Pharmacy | GPA: --- May 2030

Montclair State University Montclair, New Jersey
Bachelor of Science, Biochemistry | GPA: 3.87 May 2027
Relevant Coursework: Organic Chemistry I & II, Biochemistry I, Physical Chemistry, Data Science and Statistics,
Awards: Presidential Scholarship, Science Slam Finalist

Passaic County Technical Institute Passaic, New Jersey
GPA: 3.87 Jun 2023

Experience

Montclair State University Montclair, NJ
Undergraduate Research Assistant September 2024 – December 2024

- Investigated α-synuclein aggregation mechanisms associated with Parkinson's disease
- Prepared and optimized buffers and protein samples for enzymatic assays.
- Analyzed protein purity, stability, and aggregation properties employing techniques like HPLC, UV/Vis, and Fluorescence Spectroscopy
- Use of biochemical processes based on enzyme kinetics, incubation parameters, and models of interface-induced aggregation

Colonial Pharmacy Clifton, NJ
Pharmacy Assistant / Cashier October 2022 – May 2023

- Performed point of sale transactions for over 50+ customers on a daily basis while maintaining high standards of customer service
- Assisting pharmacists in medication handling and completing in store tasks
- Participating in COVID-19 testing processes by preparing documentation
- Organization, identification, and replacing both pharmaceutical and front store inventory
- Managing customer communications through phone, email, and in-person interactions to resolve inquiries promptly
- Demonstrating skill in prescription processing, insurance verification, medication dispensing support, customer service, inventory management, compliance with HIPAA, pharmacy software systems (e.g., workflow and POS platforms), patient communication, and clinical support tasks in a fast-paced pharmacy setting

Leadership & Activities

St. John Kanty Altar Servers Clifton, NJ
Head Coordinator July 2012 – Present

- 1200+ Volunteer Hours
- Leading volunteer coordination, training procedures, and task assignments to support organized and efficient church service operations
- Mentoring and supervising new volunteers to ensure adherence to service protocols, effective communication, and consistent performance

Skills

Laboratory & Technical:
Centrifugation, Protein sample preparation, Buffer preparation, Enzyme kinetics assays, HPLC (Chromeleon), UV–Vis spectroscopy, Fluorescence spectroscopy, Thin-layer chromatography (TLC), Sterile techniques, Mass spectrometry,

Pharmacy & Clinical:
Patient care, Medication dispensing support, Inventory management, Infection control, HIPAA compliance, Pharmacy workflow systems, Point-of-sale systems

Data & Tools:
Microsoft Excel, Python, SQL, Data Analysis, Jupyter Notebooks

Languages:
Polish (Working fluency), Spanish (Basic)
